CLARKSBURG, WEST VIRGINIA, SATURDAY, AUGUST 18, 1906.

DEMOCRATIC PAPER OF TRUE AND TRIED POLICIES TO PARTY TO LOCATE HERE

There has been so much dissatisfaction among the independent Democrats and those not identified with the Democratic machine in Harrison county, with the course and policy of the Democratic organ here, that another paper is shortly to be launched here, whose policies, as announced in circular and personal letters, and a prospectus, are to be diametrically opposite to those of the News, which, it is asserted by many Democrats, does not represent pure and tried Democracy.

W. Scott, a veteran and able newspaper man and journalist, has sent out to numerous Democrats the following prospectus; and accompanying the same is a blank subscription receipt:

"Dear Sir: I will commence the publication, about September 1, 1906, of a weekly newspaper to be known as The Clarksburg Jeffersonian.

"The Jeffersonian, and every line of it, will be carefully edited. Politically it will be a text book in the hands of all who believe in the true idea of democracy as expressed in the Declaration of Independence, and the Constitution, and of all who stand for the control of the government by the people and not by tariff barons, trusts and monopolies.

"In state affairs it will stand for two cent railroad rates, against free passes and railroad rebates, the giving away of franchises, for pure and effective election laws, the elimination of business interests and bungle from politics, a stringent pure food law, real tax reform, and the many other reforms now demanded.

"In county affairs it will stand for economy and reform, and in opposition to ring rule, without regard to party.

"The Jeffersonian will be a clean home and family newspaper, and will keep you up with the times.

"An article in the first number showing what Harrison County could have made out of franchises will be worth a year's subscription. If you want the paper, fill out the annexed slip and mail it to me at once.

"You can mail your subscription without registering the letter, at my risk."

The movement has already received the hearty support of a number of leading Democrats and many others will doubtless rally around Mr. Scott in the undertaking to give his party a paper that represents it as a whole, and not the machine. As is seen by his letter the purpose of the Jeffersonian will not be to subvert the machine, but its attitude will be pronounced against that organization.

Mr. Scott and many other members of his party feel that the Jeffersonian will fill a long-felt want in their party and assurances are given that the movement will be pushed with vigor. They expect at an early date to publish daily editions of the Jeffersonian also.

Copies of the prospectus were sent to all the district conventions in the county Wednesday and were favorably and encouragingly received, and Mr. Scott has since been receiving daily many expressions of a desire to co-operate with him to the end that the Democratic party of Harrison county may shortly have a paper true to the Democratic party, and not a factional or machine mouthpiece.

Mr. Scott is an experienced and able newspaper man and a writer of force and conviction, as his party so well knows from the history of former years.

Hand Out

An Italian boy named Dominick, who shines shoes at the Waldo barber shop, cut his right hand badly this morning while opening a bottle of beer. Officers Joyce and Lewis encountered him as he emerged to the street and took him to the office of Dr. Varner, who dressed the wound. The boy was deathly sick from the sight of blood, but was able to walk to his room.

At the session of the city council Friday night, toward the conclusion of the meeting, Mayor Harmer reported that Fire Chief J. T. Condy had been caught in a house of ill fame, arrested, tried and fined on the charge of assembling for the purpose of prostitution, and had appealed the case to the circuit court, giving the proper bond. Mayor Harmer prepared no written charges against him, as the law requires in such cases, but verbally asked for his removal.

Councilman McAndrew, addressing the council on the matter, expressed himself as in hearty approval of the mayor's efforts to rid the city of such houses, but in the case of the chief, having appealed the case, he did not think it proper for the council at this time to remove Condy, as that could be done after the trial in the circuit court, should he be found guilty but he thought the chief was guilty at this time anyway of neglect of duty, and he made a motion that on that account he be suspended pending the trial of the appeal. This was duly seconded and carried unanimously.

Upon motion of Mr. McAndrew, seconded by Mr. Connell, Thomas Gill, Sr., was elected a temporary member of the fire department and Assistant Burr Welch was directed by motion to assume the duties of acting chief.

Attending the session were all the councilmen, the mayor, city clerk and other officials.

The minutes of the previous meeting were not read, a motion carrying to dispense with the reading.

Chairman Hess of the water committee reported that plans and specifications had been agreed on for the laying of the main from the station to Fourth street, and advertisements for bids for the work had been inserted.

The city engineer made a written report that the proposed sewer back of the Anchor Mills would be 770 feet n.d.a. cost \$768. An order was entered directing the work done when the citizens had pledged \$384, half of the cost.

Councilman McReynolds reported in writing that the W. Frank Stout on George H. Stout property on Locust street had not been damaged by the city. The report was accepted and the petition for \$650 damages rejected.

D. W. Jacobs was granted the privilege to use the street and pavement to put in a stone fence and concrete sidewalk at his residence on West Main street.

The Christian church was given permission to erect a one-story building on West Pike street to cost \$1,000 and to be used temporarily as a church.

C. P. Howell for P. M. Robinson was granted permission to erect a three-story brick building on East Main street to cost \$15,000.

Mr. Howell was also granted permission to build a three-story brick addition to St. Mary's academy to cost \$2,000.

The applications of S. N. Pittman for small building at 705 West Clark street and Charles Little for small stable at 110 Sycamore street, were referred to the building committee.

The application of J. F. Vincent for hotel license was laid on the table.

McAndrew reported the premium money taken by the city team at the new fair and the same was turned over to the city.

All appropriations for improvements in the First Ward, except for East Pike street, were transferred to the fund to pay for laying the sidewalk between Maple avenue and Coal street on East Pike.

An additional appropriation of \$250 was made for a concrete pavement on Mulberry street, making \$500 all told to be paid by the city. It is estimated that the work will cost \$850, and the remainder is to be paid by the citizens. The city is to have the good flag stone in the pavement now, in consideration of the additional appropriation.

The matter of paving North Third street came up and was discussed at some length. It was learned that some citizens there refused to contribute unless a curbing was placed and others refused unless Hammond fire brick is used. The cost of the curb will take up the appropriation made by the city, and the funds will not be sufficient to pave the street. The matter was finally referred to the city engineer to make an estimate of the paving complete and

MRS. GEORGE MURRAY DIES AT THE HOSPITAL

Mrs. Anna Harley Murray, wife of George A. Murray, died at St. Mary's Hospital at 2 o'clock Saturday afternoon, after being there five weeks and undergoing two operations for stomach trouble. Her condition was very grave several days, and dissolution was expected at any time.

At her bedside when she died were the bereft husband, her brothers, P. J. Harley of Philadelphia and Richard Harley of Antioch, Ohio, and Mr. and Mrs. Fred Pickitt of Oil City, Pa., and Mr. and Mrs. Frank N. Smith, of Bradford, Pa., relatives of the deceased.

PENNSBORO WANTS GIRL

The chief of police of Pennsboro this morning wired Chief Scott of this city to look out for and arrest one Mary Miller, aged 14, who is badly wanted in the Ritchie county metropolis. Officer Whyte arrested the girl as she got off the accommodation at 10:30 this morning. Chief Scott immediately wired the Pennsboro chief that the girl had been apprehended, but up to the present no reply has been received. As many pickpockets had been working the fair at Pennsboro, and as several women are said to have been in with the plays, the chances are that is wanted for that offense.

Glen Elk Afraid

PATCHEN AGAIN BEATS HAL R.

CANAL DOVER, O., Aug. 18.—Hal R., owned by Messrs. John A. Clark and Billy Nicholson of Fairmont, W. Va., was defeated in straight heats yesterday by Alf Patchen, who won from the West Virginia horse at the Clarksburg, W. Va., fair last week.

Mr. Clark's Orphan Boy was a strange factor in the 2:19 pace, taking the two first heats from the favorite, Wantell, and compelling the race to go five heats. Wantell seemed to get stronger at the last, and although Orphan Boy was put to the whip he could get nothing better than second money in the race.

It was not a bad day at that for Mr. Clark, for his Peter Balta won the 2:30 trot in straight heats. These races wound up the meeting at the Tinscarawas Driving Club's track. The attendance was large and the racing exciting.

Summaries:
2:19 pace, purse \$400—Wantell won the third, fourth and fifth heats, second; Orphan Boy won the first two heats, second; The Marguerite, third; Golden Bitch, fourth; Jerry also started. Best time, 2:16½.

2:30 trot, purse \$400—Peter Balta, first; The Betman, second; Mark Hanna, third; Billy Actell, fourth; Kitty J., New Wilson; Tom Jay, Dynamo W., Sir Caple and King Fergus also started. Best time, 2:29¼.

2:13 pace, purse \$400—Alf Patchen won in straight heats. Hal R., second; Illinois, third; Little Payne, fourth; Billy J. and Cora also started. Best time, 2:10¾.

ODD FELLOWS CELEBRATE

About twenty Odd Fellows went to the home of E. B. Hursey on West Pike street last night and paid him a very pleasant visit in celebration of the fifty-ninth anniversary of his birth as an Odd Fellow, he having become a member of the order August 17, 1847. M. S. Riley made a congratulatory address, in which he grew quite eloquent, of which he is so capable, and Mr. Hursey responded with a few well chosen words of thanks. Ice cream, cake and punch were served. After further felicitations the visitors departed wishing Mr. Hursey numerous returns of the days. The oldest visiting Odd Fellow was George Siers, who has been a member of the order 55 years.

REV. NEWTON CELEBRATION AT WILLOW TREE CHURCH

SOMETHING NEW UNDER THE SUN

For years the Al. G. Field minstrel performances have been recognized as peer of them all. The very name A. G. Field in connection with a minstrel was like magic upon the people throughout the country, and the friends of that gentleman one year ago proclaimed that he had exhausted all minstrel features on earth. Few ever expected to see anything in that line which would even make a comparison—he had reached the same—that was the popular verdict.

The advent of the Donnelly and Hatfield minstrels has already changed the tide. This new aggregation, which has sprung up in a single season, has snatched the laurels, claiming them as their own.

The performance is superb. There is not a single dull moment, no stale jokes, no tiresome features, but on the contrary, it is replete with fun from the beginning to the end. The opening scene is gorgeous with its many colored lights and elaborate scenery, and the costumes of the players. Originality stamps every detail of this performance, which all goes to make up a first class and unique entertainment.—Pensacola (Fla.) Journal.
